Application Process 2016

About Us

Sudo is a community-run initiative with the mission to create a collaborative and inspiring space for women to gain technical skills. Through monthly workshops and meet-ups, we strive to be a dedicated resource to encourage women to become passionate and skilled developers.

In July 2016, Sudo hosted monthly meet-ups to encourage the women of Kingston to showcase their interest in tech. Women of different skillsets met to discuss programming, work on projects, and meet like-minded individuals.

In September 2016, Sudo began offering free programming workshops for women to improve their technical skills. Each workshop focuses on a particular project to complete. With the aid of skilled volunteer mentors, students have the necessary requirements to make the project their own.

How to Apply

To apply, send a resume and a couple paragraphs about yourself and your experiences to hello@sudolabs.ca by no later than Friday, October 14th, 2016.

Positions Available

Sponsorship Coordinator

The Sponsorship Coordinator is responsible for requesting and coordinating corporate sponsorship for Sudo. Roles include contacting local and global businesses with sponsorship materials, assisting the executive team with finance, and communicating Sudo's mission effectively.

Programming experience is not required.

Social Media Marketing Coordinator

The Social Media Marketing Coordinator is responsible to communicate Sudo's mission effectively across all social media platforms. Roles include developing creative marketing campaigns, marketing upcoming events, and increasing social media engagement.

Programming experience is not required.

Workshop & Curriculum Developer

The Workshop & Curriculum Developers are responsible to create and provide insight into the content for the upcoming workshops. Roles include developing workshop projects, creating content guidelines to be passed onto instructors, and communicating effectively within the Workshops team to propose new workshop ideas.

A programming background is required for this position.
